

Martin Dunn – Dunn Development Corp.

[Martin Dunn](#) is the Founder and President of [Dunn Development Corp.](#), an important voice and leading member of NYSFAFH. Martin contributes regularly to NYSFAFH's advocacy efforts, providing the organization insight into legislative policy, as well as participating in advocacy and outreach work. He believes in socially conscious housing development and has brought this perspective to NYSFAFH as it continues to inform and help shape the affordable housing landscape. Martin is also an active advocate on homelessness and supportive housing at the city and state level.

“Affordable housing is a community building industry that serves to assist low to middle-income New Yorkers, including those with disabilities and special needs. Through NYSFAFH, I am able to share my knowledge and experience with workforce and supportive housing development with my colleagues, elected officials and other stakeholders so that all New Yorkers, regardless of their personal circumstances, have a safe and high-quality place to call home.”

Founded in 1998, Dunn Development Corp. is an award-winning real estate developer and expert in affordable and supportive housing. The firm has a long track record of creating highly regarded and innovative financing and program models as well as utilizing City, State, and Federal funding programs. To date, Dunn Development Corp. has created more than [1,700 affordable housing](#) units and Martin has consulted on the development of hundreds more. In addition to these accomplishments, Dunn Development takes great pride in its socially conscious efforts in developing new initiatives to serve the homeless, those with psychiatric or physical disabilities, and persons living with HIV/AIDS.

Prior to founding Dunn Development Corp., Martin worked for eight years at leading non-profit human service and community development organizations and continues to serve on the Board of Directors of four non-profit organizations in New York City. In 1990, he received the prestigious Reebok Human Rights Award for his work with the [Association to Benefit Children](#).
